## More Recruits From M-S-A Area Enlist In RCAF

B.C.E.R. AGRICULTURAL DIVISION LOSES LAST OF ITS PERSONNEL

Third M-S-A representative of the B.C.E.R. Agricultural Division to join the active forces, John B. Teir, is saying good-by to his farmer clientele and other friends in the Area this week preparatory to reporting to the RCAF for training. He will enjoy a couple of weeks' holiday and visit his parents at New Denver, B.C.

Teir succeeded Ralph Gram and Len Zink as BCER Agricultural Representative with headquarters at Abbotsford, the former moved up to the position of chief of the agricultural service division and is now completing RCAF training at the University of Alberta in Edmonton. Len Zink is with an artillery unit at a Coast station. Stew. Dixon of the New Westminster office is serving with the artillery and J. J. Andrews, Chilliwack (former Sumas C.T.A. supervisor) has returned to the farm front.

Miss Lorna Daly, member of last term's Senior Matriculation class at Philip Sheffield high school and subsequently employed at her father's store, J. S. Daly's in Abbotsford, left Monday to join the Women's Division of the RCAF, having been accepted recently through No. 1 Recruiting Centre, Vancouver.

Gerhard Edward Stubbs, whose mother, Mrs. E. B. Stubbs, resides on Huntingdon road, RR 1, Abbotsford, has also been accepted by the RCAF through the recruiting centre, Royal Bank Bldg., Vancouver.

Gnr. Vera W. Baker, CWAC, of Bradner, who is attached to an artillery unit on the East Coast, has returned to duty after a spell in hospital. With Gnr. Jean Fraser, also a former member of the Abbotsford elementary school staff, Gnr. Baker was picked along with several other members of a large graduating class from the Vermillion, Alta., CWAC training centre for special work.

## M-S-A Flies Two Pennants!

### Severe Wind Storm Causes Much Damage

\$10,000 FIRE AT SUMAS: STEEL POWER TOWERS TOPPLE AT MEADOWS

Now it can be told. A wind-storm of almost hurricane proportions swept this Area and other parts of the Lower Mainland a week ago Monday. It caused very great loss and damage in some neighboring districts, but the loss here was comparatively light. Some telephone and light services were disrupted Monday afternoon and night but repair crews of both utilities made speedy repairs.

Chief damage in Abbotsford was to the roof of Abbotsford Motors which was peeled off in rolls and shreds. Awnings and signboards suffered and a tall power pole carrying high voltage lines over the railway tracks at the BCER depot hung at a precarious angle after breaking at its base but was supported by its wires until replaced.

Fire loss estimated at \$10,000 was caused in the neighboring town of Sumas, Wn., when the grade school gymnasium, erected only four years ago, one class room, furnace room and their contents were destroyed. Lynden, Everson and Nooksack fire brigades came to aid the Sumas firemen but water service had been cut off when electrically-operated pumps of the town system were left idle as the storm brought down power lines.

More than a score of steel towers supporting power lines from Stave Falls toppled in the Pitt Meadows district and all "heavy gangs" including that stationed at Abbotsford, were rushed to the area to erect a new wood-pole line which was completed yesterday.

Roof of the Fraser barn at Reclaim, Sumas Prairie, was blown off and damaged electric lines serving the Mitchell and Smith farms. Matsqui damage is reported in the district news.

## Coun. J. Starr Not Candidate In Sumas '43

ANNOUNCEMENT POINTS TO TWO VACANCIES TO BE FILLED NEXT MONTH

Announcements heralding the approaching municipal elections marked the monthly meeting of Sumas council on Friday night.

Coun. J. L. Starr, representative of Ward One for the past three years, announced he would not be a candidate for reelection. Recently Reeve Alex. Hougou, chief magistrate for the past nine years, made a similar announcement. Sumas councils have been re-elected by acclamation for the past three years.

Reeve Hougou and Councillors Starr and Keeping were appointed to preside over the Court of Revision of the Voters' List which sits in the municipal hall at 10 a.m. Monday, Nov. 16. The municipal hall was designated as the sole place of polling in the event of an election being necessary.

Several property holders appeared before the council to support bids for portions of the old G.N.R. right-of-way adjoining their properties. Written bids of others were also considered. Offers of Harry Day, L. W. Rudge, Thos. DeLair were accepted, also those of Messrs. Fishlock and Serl subject to confirmation of agreement by neighbors.

Preliminary discussion of a letter from Hon. H. G. T. Perry asking if the council had any estimates of cost of possible post-war public works projects in the municipality indicated the council to be in doubt of feasible projects existing in Sumas.

Complying with recent provincial regulations the council instructed that payments to those on indigent relief in the municipality be increased according to the new scale. About ten families are concerned.

Grade 7 students at the Mt. Lehman superior school held a fish pond at the school on Friday afternoon and raised \$5 for the Junior Red Cross.

### MATSQUI MAN TRAINS GLIDER CORPS OVERSEAS

Pilot Officer A. G. Lidstrom of Matsqui cycles to his plane for a training flight with the Glider Regiment in Britain. He is wearing his parachute equipment. At special air fields throughout the country soldiers of the Glider Regiment are training under RAF tutelage so that when the time comes they can take their places as front line troop carriers for air-borne regiments. The trainers, all army men, take a course in glider navigation, flying Hotspur Gliders. Lidstrom is a "tug pilot" who flies the Hector plane that tows the gliders. PO Lidstrom is the youngest son of Mrs. E. Lidstrom of Harris road, Matsqui. Mrs. Art Gustafson of Matsqui and Mrs. Ross Jure of New Westminster are sisters, and Roy Lidstrom of Vancouver a brother.

## M-S-A Memorial Service Fund Aids St. Dunstan's Train Blinded Men Take Places In World After War

The collection taken at the Memorial Service of the Matsqui-Sumas-Abbotsford Area held annually at the Cenotaph in Abbotsford by the Canadian Legion with the co-operation of the local churches, is always forwarded to St. Dunstan's, home and training centre in England for blinded soldiers, sailors and airmen of the British Empire. About \$50 was received at the service last August but the money order forwarded to England by M-S-A Branch of the Canadian Legion was lost through the torpedoing of a mail ship. When this was ascertained, a replacement order was forwarded and the acknowledgement has just been received here, coincident with the holding of the Remembrance Service today.

### FREE SHOWING OF OFFICIAL MOVIES ON FRIDAY NIGHT

Five thousand feet of talking moving pictures depicting the war in Egypt, Libya, Greece, Syria, Poland, Germany and England as well as on other fronts will be shown in Philip Sheffield auditorium, Abbotsford, on Friday, Nov. 13, at 8 p.m. A free show, the pictures are being presented under auspices of the Department of National Defence in the interests of recruiting.

## RECORD INVESTMENT

### UNIT COMMANDO DAGGER SENT OVERSEAS TO FRASER VALLEY'S FIRST WESTMINSTERS

A last day response that wreathed the faces of the Victory Loan Committee members with smiles, pushed the M-S-A Area over the first and second objectives of the Third Victory Loan and nearly brought the district a third pennant to fly on the Legion flagpole Monday.

## Remembrance Day Service Well Attended

SERVICE IS LINK WITH DEDICATION RITES AT OTTAWA

There was a better than average attendance at the annual Remembrance Day service held at the Cenotaph in Abbotsford at 10:45 to 11 a.m. today. There was a good turnout of Canadian Legion members and the active forces in the present war were also well represented by uniformed members who attended. It is estimated the congregation numbered 150.

Rev. A. J. Loughton, chaplain of M-S-A Branch of the Canadian Legion, conducted the service and spoke briefly urging a similar effort on the part of the people at home to that made by those whose memory the service commemorates. A bugler from a unit of the Royal Canadian Engineers sounded the calls.

Officially, Canada remembered her dead with the dedication in the peace tower chamber at Ottawa, of the Book of Remembrance which contains the names of more than 66,500 Canadians who lost their lives as a result of the First Great War.

The book was dedicated by the Earl of Athlone, Canada's governor-general, who was introduced by Prime Minister Mackenzie King. It was placed by representatives of the three armed services and a nursing sister.

The national war memorial at Ottawa was also the scene of a ceremony when wreaths were placed by the governor-general, Mr. King and a representative of Canadian mothers who lost sons in the First Great War.

### LICENSE SUSPENDED

Joe Chong, Keefer street, Vancouver, charged with exceeding the 40-mile speed limit in Sumas was fined \$20 and costs and prohibited by Magistrate J. W. Winson from driving a motor vehicle for one month. Evidence showed accused was driving 70 miles an hour when apprehended.

### TRANSIT CONTROLLER SLASHES INTER-CITY AND VALLEY SERVICES

Announcement that Fraser Valley bus service will be reduced from four to two trips daily and hints of other slashes looming for B.C. transportation facilities were given Tuesday by S. Sigmondson, regional transit controller at Vancouver.

Confirming information that he gave New Westminster city council Monday night, Mr. Sigmondson said: "We are coming to the point when only essential travellers will be carried by transportation companies, but I am not in a position at present to define just who is essential and who is not."

Private car owners will not receive new tires "until some time after the war is over," predicted the official.

"Habits of a lifetime will be upset by the drastic changes necessary, but rubber and gasoline must be conserved, as well as manpower."

Drastic curtailment in operation of Pacific Stages between Vancouver and New Westminster will go into effect Nov. 23. On and after that date bus service between the two cities will cease at 7 p.m. daily, and all service on Sundays and holidays will be eliminated, Mr. Sigmondson stated.

The Transit Control Board has also practically decided to maintain the bus service between Chilliwack, Abbotsford and New Westminster, but the daily trips will be reduced from four to two.

## M-S-A Area Flies Two Pennants

Response to the appeal issued by Reeve James Simpson, as chairman of the M-S-A National War Finance Committee, for more dollars to be invested in Victory Bonds for the purchase of weapons for the lads overseas, pulled the Area out of its tail-end position and drove the Commando Dagger well over the hilt in the last hours of the campaign. Salesmen redoubled their efforts and there was a gratifying response to the appeal for waiting purchasers to contact the salesmen, bank or committee members, and speed their investment in victory.

Congratulations are due to the men, women and children of the Matsqui-Sumas-Abbotsford Area for the manner in which they rallied to the call. The real flood of buying came in the last two or three days, particularly the last day, Saturday. It was apparent Friday noon when \$92,600 was posted on the dagger "thermometer" that the Area would make its original \$95,000 quota with a continuance of effort. There was doubt, however, that the additional 25 per cent, \$19,000, requested of all districts by Ottawa, could be attained. It was then that the people and their organizations went to work and set a new record, locally at least, for one-day sales. It was possible Saturday to push the red paint up to the hilt of the dagger and then above the hilt to \$105,000, Saturday afternoon. The first

quota pennant was secure.

But the real score of Saturday's effort—the salesmen continued to report until nearly midnight and the Royal Bank in Abbotsford remained open until 4 p.m. Saturday afternoon—was not known until the flood of applications could be tabulated on Monday. Then the "red" moved up to \$129,000, or 136 per cent of quota and far surpassing M-S-A investment in previous Victory loans. The extra 25 per cent had been provided with a considerable margin and late applications were still being received by mail. Two pennants could fly over the M-S-A Victory Loan flag on the Canadian Legion hall flagpole.

And as if it were a bonus or reward for the home people who had rallied so splendidly came the news Saturday of the continued overwhelming success of British forces on the Egyptian battlefield and of the successful opening of new fronts by American troops and the Royal Navy on the French-African coasts. There was a well-merited glow of content over the weekend in the hearts of many citizens who had invested all their savings in Victory Bonds to back the boys overseas to the very limit.

## Prohibition Prelude?

(Canadian Business)

Just before he resigned from the cabinet, the Hon. J. T. Thorson announced that one "stage" of the government's plan to restrict liquor consumption would shortly be put into effect. The small pressure group which had been badgering the government rubbed its hands. So did shifty-eyed men who saw easy pickings serving the public with questionable liquor in questionable surroundings.

Press reports have been suggesting that the government will take steps which, at first glance, may appear to produce little more than inconvenience for the legitimate buyer or the legitimate seller. The only one who would seem to gain would be the bootlegger. Any enforced deterioration in quality would help him. Shorter hours of sale would react to his benefit, and the elimination of all advertising of beer, wine and liquor would give the illicit product that much more advantage.

Naturally we are interested in the advertising aspect of the situation. Yet we can honestly say that we sincerely believe that more has been done by the liquor people themselves to promote temperance than has been accomplished by the dries with all their distorted arguments. Those who make whiskey urge moderation—sensible moderation. Similarly the beer and wine companies have been equally successful in educating a generation which had come to regard alcoholic beverages as something which must be used to excess—which was one result of prohibition. Prohibition does not prohibit. Both in Canada and in the United States, records in-

dicate that more drinking is done in dry areas than in those which are under sane control. Observation points to more drunkards per square mile as well.

The dries preach temperance but their real objective is complete prohibition. If prohibition did make for moderation—instead of excesses—there might be a sounder argument for it. But it doesn't. Prohibition stimulates drinking, and under it the criterion for liquor degenerates to its power to stupefy. The dry pressure group, however, has been careful not to advocate prohibition. They know that only 29 per cent of the people would support such demands. So they edge in with pleas to protect the men in the armed forces. Unfortunately our fighting forces are too busy to send opposing delegations to Ottawa. For a time the dries gave the impression of having had their way. Those who know the technique of pressure groups and the ways of the prohibitionists could see the shape of the wedge. As we go to press, however, the voice of the majority is being heard and there is said to have been some delay in the introduction of the new measures, many of which would require provincial co-operation.

We are still a free people. We do not want prohibition. Gallup polls reflect this clearly. It is up to our representatives, therefore, to see that the insistent salesmen of prohibition do not work their foot too far into the door which has been opened respectfully for them.

## Discovered -- A Manpower Pool

(The Printed Word, Toronto)

In all the discussion of the nation's manpower resources and the plans for making the most efficient use of all who can work, there has been only casual mention of the Dominion government itself. So far as the public is aware, there are no plans for putting government employees to work if, as is certain, a considerable percentage of them is not now engaged in an essential activity. Officialdom has no pity on the private civilian employer who cannot get, under present restrictions, sufficient help to carry on a business which, although it has given him a livelihood heretofore, is not considered essential to the war effort. But the boon-doggling in the government itself apparently must continue, whether Rome falls or school keeps, or come hell and high water, as the *Ottawa Morning Journal* might say in one of its forthright moods.

To the casual observer it would appear that there is much government activity that could be abolished for the duration. Some thousands—perhaps many thousands—of persons thus could be released for factory work. It is not suggested that a veteran drone from a government department would be of the slightest use in a war industry. But it is suggested that civil servants now engaged in non-essential government work could be transferred to other work and thus other people, more accustomed to working for their livings, released from or not drawn into, the temporary service of the government.

Governmental waste and inefficiency have

existed from the day of the establishment of government. They are probably no worse under one party than another and improvement comes only when a useless clerk dies or is pensioned. There are some clerks who do literally nothing for their pay. A few undoubtedly are grossly underpaid. But the average of efficiency is not high for the simple reason that the maximum of work per employee never has been an objective. Rather the reverse.

It might be that whole departments of government could suspend operations for the duration. A genuine effort to establish efficiency would, moreover, reduce materially the amount of work in most branches of government. Someone has said that there are more people in the Indian Affairs bureau than there are Indians. That exaggeration hardly obscures the fact that some bureaus have outlived the need for them.

There is one vast bureau, not directly connected with the war, which has come into being since the war started. This is the Unemployment Insurance Commission. It is true that the machinery thereof is now being used to help National Selective Service to function, but employers still have to do the same work, lick the same stamps, as before, and it is suspected that National Selective Service merely adds to the personnel of the insurance commission. The procedure seems highly complicated.

**TAIL-ENDS OF TROUBLE**—To alleviate the risk of holding ships in the British Isles for maintenance and repair, Canada is today playing a major role in overhauling naval and cargo ships of the United Nations. Mechanism in tail sets depth of its course.

## LETTERS TO THE EDITOR A BOUQUET

Editor, The News, Abbotsford,

Sir: Canada's Third Victory Loan can now be entered on the record as a smashing success. The response of the Canadian people has been worthy of the brilliant victories which are being won by the fighting forces of the Allied Nations in Africa.

The part that has been played by the Canadian newspapers in placing the Victory Loan before the public has been worthy of the cause itself. Our committee feels that we have received the most magnificent support by you and all of the personnel of your paper who were in a position to assist us in any way.

We are most grateful to every one of you, and we feel that you are a part of the army of workers who have been responsible for the most gratifying success of the Third Victory Loan.

Yours truly,

Chairman, Provincial  
Public Relations Section

G. LYALL FRASER

## Canada Provides Pattern

Montreal Daily Herald

It is matter for note by every Canadian, if not for pride, that Canada is today providing the pattern for the United States in more than one field of war administration.

In drafting rent control measures and other inflation-curb legislation, in preparing its inevitable program for drafting of wartime mobilization of labor, the American Government turns to Canada for examples of such laws in operation, just as it turned to the Canadian example in air training.

Of course, this is not entirely because our solutions to the problems involved shine out at the best possible solutions.

There are other factors which make it natural that our big neighbor and ally should, to a certain extent, follow our lead in this biggest adventure in history.

Canada's two extra years of war are the most weighty factor. We have had the experience, and even allowing for a lot of preliminary bungling, ought to be well on the way to efficient prosecution of total war by now.

If we, or our government, have not learned some of the home front lessons of war in two years, we do not merit the victory we are confident will eventually be ours.

Then there was the fact that from the outset we have had a government pledged to efficiency in war prosecution—pledged to avoid the still-glaring errors of last war administrations.

Again, if further explanation be needed, Canada's war mobilization measures appear, when carefully studied, to have been conceived and executed with American co-operation and support in mind.

Long before Pearl Harbor, Canadians knew they had the moral support of millions of Americans. Our government was in close and continuous contact with the government of the United States.

Long before the United States entered the war Canadian troops were drilling with American rifles.

So it is natural that our war-making systems and policies, while adjusted to harmonize with those of Britain, should pioneer on lines easy for a Roosevelt-headed American government to follow.

It is natural, too, that American experts should come to Canada to study the operation of our price control and rationing measures; that with Washington contemplating a National Service Act, American attention should focus on what Canada is already doing in the field of placing "the right man in the right job"—and the right woman, too.

Canadians should note these things as evidence of their country's growing importance in world affairs, whether they be affairs of war or peace.

## Do You Remember? Fifteen Years Ago In the M.S.A. Area From the A. S. & M. News of November 9, 1927

Floor directors for the Canadian Legion masquerade on Friday include J. Aitken, P. Wilson, R. Ralston, J. M. Rowley, W. C. Blinch and A. Bullock.

Canadian Hop Co. has requested the assistance of Sumas council in securing a mail route to serve the hop yard settlement.

John Mutch of Clayburn was selected president of the St. Andrew's and Caledonian Society on Saturday. He succeeds Chas. Wallace, who has headed the organization since it was formed several years ago.

To celebrate their first birthday, Peardonville Live Y's staged their first annual banquet in the community hall.

R. C. Sibbald, A. C. Stewart, Albert Smyth and Tom Stronge all took prizes with their sheep at the Calgary fall fair.

Contracts, agreeing to grow sugarbeets on Sumas Prairie are being circulated by the committee.

Rose Theatre in Sumas, Wn., is advertising Harold Lloyd in "Movie Crazy" for this week.

Miss Ida Horn won first prize in the limerick competition sponsored by the Canadian Legion in connection with their annual masquerade.

Another Victory Loan well completed—but War Savings by Stamps and Certificates must keep going.

## strictly off the beat... Bill Hambly

"But, d-a-a-rling, you can't have the back door going out through the bathroom—it isn't done." We were looking and drawing house plans.

They were alleged house plans in three of the four pencil-and-finger-print sketches, and the fourth of the four couldn't even be classed as alleged—more likely, alias. Later it got around to us taking the living room of one plan, tacking it onto the side of a bedroom from another, then laying a kitchen in the corner beside a utility room, which unless the plan is revised, redrawn and rejected, will be a combination bathroom, bedroom and dinette.

We wanted a vestibule (there was that much to go on) and so that's where the plans started. The living room, considered by most a necessity but in this case turned out to be an unwanted quantity, was put in directly behind the vestibule and, if the ruler was correct, dead centre on the doorway. From then on it was the same humbly jumbly, try-it-here, try-it-there affair. The closet alongside the bedroom alongside the hallway alongside the living room, is now a blister on the side of the house and will have to be built on stilts and made one foot, the length of two beer bottles laid end to end and half the span from a thumb to the little finger, to be in line with the furthermost corner of the kitchen which puffs out the same way.

"Yes, D-a-a-rling, I like rumpus rooms, but I don't think we need one in the basement. If these are the plans, we'll have one in every room."

Be it ever so humble jumble, there's no place like home.

It was like the baking of the Christmas cake, the heartening news at the weekend that gave us a sample of what the final victory will be like. We all tasted the batter to get an idea of what it would be like for Christmas, but we also all had to help in some way with the job—even if it was only to carry the wood for heating the oven, help stir the heavy batter, or shell the almonds.

Soon our own little municipal elections. It would be fun to hear a little honest-to-goodness mud-slinging once more.

The epic of Dunkirk was overcast by a light shadow by the Battle of Britain; Dieppe shadowed the Battle of Britain; and now something to lay a shadow on Dieppe...but shadows only in the headlines, and ones which will pile one on the other until the shadows break into the zillion-candlepower light of victory.

Mackenzie King first intimated he would leave the breaking of diplomatic relations up to Vichy, but changed his tactics and did the job from this end. Well, it at least saved the Axis puppet from making another break—it has so many others to its credit.

The M-S-A Area may have bent its bank roll in the Victory Loan drive—but at least its upper lip is stiff and its back straight.

### WATCH THOSE FARM MOTORS

Is there a saboteur at work on your farm? He'll throw a monkey-wrench into production. Dust, grime, congealed grease, globules of excessive oil sabotage farm motors—slows them up, puts them out of action. Interrupted motor operation retards farm production, reduces the output of primary products essential to our fighting forces. Don't let it happen. Remove dirt accumulations before the damage is done. A vacuum cleaner easily and cheaply converted to blow does the best job. If there is dirt in your electric motor, blow it out—all out—for victory.

## News of the Farms

### "Vicky" --- The Victory Pig

The proud personage in this crate is "Vicky," Canada's first Victory Ticket pig. She has been making personal appearances in Winnipeg with a Victory Loan worker's button dangling from a pink ribbon around her plump neck and the Commando dagger on her crate. When James O'Reilly heard that farmers could obtain Victory Bonds by pledging the proceeds of farm produce in advance by means of a Victory Ticket, in addition to cash purchases of bonds, he decided to put his prize hog on a ticket. In the above picture Mr. O'Reilly looks on as Ralph D. Baker, executive vice-chairman for Manitoba, fills in "Vicky's" Victory Ticket. Canadian farmers enthusiastically adopted the Victory Ticket method of subscribing to Victory Bonds.

### TIMELY TIPS

by a  
**Bradner Gardener**

#### Flower Garden for November

Finish planting all kinds of bulbs now.  
"Glads" should be stored.  
Sweep up all leaves on lawns to keep worms from spoiling the grass.  
Push forward all planting of perennials, trees and shrubs.  
Roses: Plant and protect roses from severe frost.  
Dig borders and leave tidy for the winter.

#### Vegetable Garden for November

Collect all leaves and rubbish and put in a compost pile.  
Prepare protection for lettuce, endive, celery, etc.  
Artichokes: Before heavy frost comes, cut off decayed leaves and stems, if not already done, and give top dressing of old manure to protect crowns.  
Asparagus: Cut down stems and clean off beds.  
Beans: A small sowing of broad beans may be made.  
Cabbage: Hoe and clean between rows.  
Cauliflower: Those which have formed heads should have a leaf or two broken over them to afford protection from frost.  
Celery: Continue to earth up to protect from frost.  
Garlic: Plant on warm border if not done last month.  
Lettuce: Watch for slugs and snails.

#### JUNIOR WAR SAVERS

Canadian school children are putting great deals of money into war savings every year, and have proved their initiative in devising ways to raise the money. Probably the most popular and widely-used method is the formation of small leagues of "handy helpers." Below is a typical example of how the kiddies go all-out for business.

### Reeves, Berry Growers Appeal To J. G. Gardiner

HIGHER MILK PRICE  
TO FARMERS. SUBSIDY  
ON BERRIES SOUGHT

Reeve Alex Hougou of Sumas and Reeve James Simpson of Matsqui were members of a delegation from the Fraser Valley Reeves' Association which presented an urgent appeal to Hon. James G. Gardiner, federal minister of agriculture, Wednesday in Vancouver, for an increase in the basic price of milk. After listening for about an hour, Mr. Gardiner said his department had no control over the situation but he agreed to take the matter up with J. G. Taggart, foods administrator and ask for action to meet the conditions.

The minister was told that dairy cattle were being slaughtered in large numbers; farmers were unable to compete with industries in obtaining farm help and that even with more members the F.V.M.P.A. is handling less milk than a year ago. An average return of 70c a pound butterfat against the present average return of 58 was requested.

#### Berry Growers' Brief

Requests for a 3-cent per pound subsidy on strawberries and raspberries produced in B.C., for a raise in the ceiling on processed berries, or alternatively, a subsidy, and for a practical farmer to be placed on proposed regional agricultural boards, were made by the recently-organized Berry Growers' Protective Association when Mr. Gardiner visited Chilliwack. The brief was presented by J. W. Little, K. Richardson and W. Goodman, who stressed the caotic conditions in the industry today.

#### Produce More

An appeal to Fraser Valley farmers to produce more milk, more pork, beef, poultry and eggs was made by the agricultural minister when he addressed the Chilliwack Rotary Club and farmers Wednesday night. Mr. Gardiner was tendered a luncheon there by Chilliwack Liberal Association and accompanied by George A. Cruickshank, M.P.

#### GLUCOSE FACTORY READY TO OPERATE NOW AT LYNDEN

Fulfilling the promise of another farm industry for the Lynden district, the new glucose plant of the Lynden Refining Co. Inc. will be ready for operation within a few days, according to William A. Frye, business manager.

Machinery installations in that part of the factory which will be used for the making of starch from cull potatoes, have been completed. Machinery and equipment used in the glucose process will be installed completely within two weeks.

Tons of potatoes, most of them from the area east of the mountains, are rolling into the big storage sheds at the Harry Van Waveren farm, site of the new glucose plant. In future years, operators of the plant hope to obtain all of their potatoes locally, but this year, due to the lateness of getting the plant in operation and to present high prices on potatoes, shipments from across the Cascades were found necessary.

Contracts for the supplying of potatoes next year are being offered farmers now by the Lynden Refining Company. Farmers who supply the potatoes will be able to buy back at a nominal cost the potato pulp, an excellent dairy and hog feed that has a high protein content.

A few of the products taken from France to Germany between July 1941 and April 1942: 92,000 head of cattle, 55,000 sheep, 2,300,000 cwt. wheat, 75,000,000 lb. potatoes, 260,000 of iron, 120,000 tons of copper, tin and brass.

#### AUCTION PRICES REMAIN STEADY

Prices remained about the same at the Dennis auction market in Chilliwack on Saturday.

Fresh cows sold from \$50 to \$120; young stock from \$18 to \$49; beef cows from \$26 to \$72; bulls from \$25 to \$68, and calves from 50c to \$16. Sows ranged in price from \$25 to \$57; butcher hogs from \$40 to \$49; feeders from \$9 to \$16, and weaners from \$6 to \$7.50. Poultry fetched from 15c to 82c.

#### HELPFUL BULLETIN FOR DAIRY FARMERS

Knowledge of Government  
Tests Helpful to Farmers

The modern maker of dairy products must be something of an expert. For example, the buttermaker is required not only to manufacture butter having good workmanship but also to control the composition of his product within narrow limits. The same applies to the cheesemaker and to the dairyman. To all of them a working knowledge of the tests employed in the dairy industry, and they are many, is more or less necessary.

Full information about these tests is contained in an illustrated publication issued jointly by the Dominion Department of Agriculture, under the title "The Testing of Milk, Cream, Butter, Cheese and Dairy By-products," in Farmers' Bulletin No. 56.

Items fully dealt with include the Milk Test Act, the Babcock test, the testing of milk, cream and by-products, the specific gravity of milk, the per cent solids, not fat, total solids and other features. The bulletin may be obtained by writing to Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

**Department of Labour  
National War Labour Board  
GENERAL ORDER**

The Dominion Bureau of Statistics has found that the cost of living index number for October 1, 1942, is 117.8 (adjusted index 116.9) as compared with the cost of living index number for July 2, 1942, of 117.9 (adjusted index 117).

The Wartime Wages Control Order, P. C. 5963, provides in Section 48 (iv):

"the amount of the bonus shall not be changed unless the cost of living index number has changed one whole point or more since the last general order of the Board requiring an increase or decrease in the amount thereof."

The index number not having changed by one whole point or more since July 2, 1942, pursuant to the provisions of P. C. 5963 as stated, the National War Labour Board orders that the terms of its General Order dated August 4, 1942, shall continue to apply for the period November 15, 1942, to February 15, 1943, subject to the right of employers or employees to apply to a War Labour Board for authorization of payment of such an amount of cost of living bonus as a Board may determine to be "fair and reasonable," under the provisions of the Order.

## VICTORY LOAN

(Continued from Front Page)

Harry Taylor was next highest with 131 per cent, totalling \$11,850; N. R. Crist, serving Northeast Matsqui, was third reporting better than \$18,000 or 127 per cent of quota, and Harvey Henderson, team captain, brought in the greatest individual total, \$20,000, equalling 114 per cent of his quota. Southwest Matsqui salesmen and East Sumas district were next in order. Total invested through the Royal Bank in Abbotsford, was also much greater than in previous loans.

The big Victory Loan flag with blue Commando dagger emblem on a white field, flown on the Canadian Legion flagpole, symbolized the start of the third loan on Oct. 19. A blue and white pennant marked attainment of quota and another was won when the additional 25 per cent quota requested by Ottawa was secured. Investment of \$132,750, a record for the M-S-A Area in Victory Loans to date, went more than half way to a third pennant.

A story on the "Service Page" in this issue, tells of the dagger sent to the Westminster Regiment overseas from Unit 19.

## P.S.H.S. Notes

### Basketball Game

In spite of transportation difficulties, the first inter-school basketball game between Philip Sheffield and Mission was held at Abbotsford on Friday. In the boys' game the M-S-A team won with a 33-15 score. Highest scorer was Gerald Mullin who made 17 points. Although the PSHS girls beat the Mission team 35-6, we shouldn't be too proud because the Mission girls were only junior. The highest scorer in this game was Arleen Gustafson with 16 points. The teams hope to play a return game with Mission if transportation can be arranged. Any offers?

### Remembrance Day

The school's annual Remembrance Day ceremony was held on Tuesday. The speaker was Mr. R. Topper, who gave PSHS students an inspiring message. Other people who contributed to our program were Shirley Baynes, Doreen Baynes, Betty Cooper and Olive Keeping who sang the Recessional; Josephine Thompson who recited in Flanders Fields, and Shirley Baynes who sang "O God, Our Help in Ages Past." On the last two verses the students joined in. As in the past poppies were sold to the student body by the Students Council and the proceeds, \$7.34, sent to the Canadian Legion.

### Education Week

A warm welcome is extended to parents who are able to visit our school this Friday, the last school day of National Education Week. There will be no special program, but visitors will observe the students in routine classes.

## Shoots 1½ Miles of Wire In 4 Minutes

Why can't we supply telephone service to everyone who wants it these days? Here's one reason why. A machine gun shoots the equivalent of 1½ miles of copper wire in four minutes. Modern war requires huge quantities of copper and other materials which are used in the telephone business. There isn't enough to go around, and as the armed forces come first, our business must forego adding materially to its lines and equipment until after the war.

## With the Forces

(More on Front Page)

Jimmy (Chappie) Chapman, a member of the RCAF stationed at No. 11 Equipment Depot in Calgary, is home in Abbotsford on two weeks' leave.

The two sons of Mr. and Mrs. W. Dickson of North Emerson road, Tom and Peter Dickson, both of the RCNVR, were home on Sunday.

Sgt.-Gnr. R. V. Dallin, RCAF from Rivers, Man., has been spending fourteen days leave with his sister, Mrs. Roy P. Boyd at Mt. Lehman, and with his uncles, Percy and Victor Dallin of Victoria.

Naomi McPhee, RCAF (WD) has been transferred from the transport division in Toronto, to Patricia Bay.

Gavin Griffiths, third son of C. W. T. Griffiths and the late Mrs. Griffith, has joined the navy. His eldest brother, Charles is serving with the British Army in England.

Stoker Victor Sayce of Toronto has been spending a few days visiting his sister, Mrs. Ken. La-Marsh, at Huntingdon.

Mrs. W. J. Caulderwood has received word that her son, Sgt. Obs. J. Caulderwood, has arrived in England.

Mr. and Mrs. Wm. Kunzmann of Matsqui left Sunday morning for Bellingham to visit their son, Nathan Kunzmann, who is a patient in Bellingham hospital. Nathan was injured just one week after joining the Merchant Marine, U.S.N. He was removed from Anacortes hospital to Bellingham.

## Commando Dagger On Way to Member Westminster Regt.

Possibility M-S-A Soldier  
May Get Victory Blade

The Commando Dagger which was in the hands of the Victory Loan Unit 19, made up of districts in this portion of the Fraser Valley, is on its way overseas to a member of the Westminster Regiment.

Symbolizing the loan, the dagger was despatched Monday, following the unit's successful completion of the campaign, by Unit Chairman, Reeve W. J. Park of Pitt Meadows. The dagger was sent care of the officer commanding the regiment with a letter which stated in effect "We send this dagger to you and hope it will be put in capable hands where it will do the most good."

During the last week of the loan campaign, the dagger was on display in the window of the J. S. Daly Stores and attracted considerable attention.

Close to 12 inches overall, the dagger is of glintless dark blue Sheffield steel. The grip is of the same metal and is scored to allow a good grip. The keen blade is sharpened on both edges and rounds down to a needle-like point. It weighs approximately two pounds.

Since there will be three other Fraser Valley-Westminster district daggers sent to the Westminster Regiment, there is a likelihood that one at least will find its way into the hands of a soldier from the centre of the Fraser Valley and perhaps to an M-S-A member.

## ATTEND CAVALRY BRIGADE REUNION

T. V. Thompson and Alex. McKinnon of Abbotsford attended the reunion dinner of the Canadian Cavalry Brigade at Georgia hotel in Vancouver Saturday night. One of the thrills of the reunion, Mr. Thompson said, was meeting a "comrade" he had not seen since 1919.

## Pacific Coast Militia Rangers 88th M-S-A Company

No. 1 Detachment, Matsqui, parade as usual on Thursday, Oct. 29. Five new members who had enlisted during the week were given their initial instruction by the senior N.C.O., Sgt. Call, after he had detailed the main parade for the evening. Sgt. Call is an experienced officer with a keen eye for detail and experience and has a knack of encouraging leadership from the ranks. The detachments listened to a short talk on intelligence and Ranger activities by the Intelligence Officer, Lieut. Holtsbaum.

No. 2 Detachment paraded at Bradner on Tuesday, Oct. 27, and Mt. Lehman on Wednesday, Oct. 28. The detachment was favored by a visit from Lt.-Col. Taylor, general officer commanding P.C.M.R., who spoke on ranger equipment and its issue as it became available. It was the first visit of the G.O.C. to a detachment of this company, and he was accompanied by Major Hayhurst, who lectured on and exhibited the Bren, Sten and grenade rifle. The recruiting party of the Veterans' Guard was also present.

No. 3 Detachment paraded at Whatcom road hal on Wednesday, Oct. 28. Capt. T. V. Thompson, O.C. 88 Coy., was present to inspect the detachment and reports he was favorably impressed with its rapid progress. Also present at the parade was Cpl. Clarke, nephew of Capt. Thompson, who served in France during the early days of this war and was wounded at Dunkirk. Cpl. Clarke took over the parade for half an hour giving the army interpretations and detail of interesting movements. He was quite impressed with the eagerness of the Rangers to learn. After parade, Cpl. Clark gave a short account of his experiences in France.

No. 4 Detachment paraded at Straiton on Tuesday, Oct. 29 with Lieut. Bonar, M.M. commanding. He recommended the following promotions: Ranger G. Mathers and Ranger C. Gough to be lance corporals. Battle drill training will commence in the detachment soon.

## Recce. Notes

No. 4 Troop "D" Coy., 2nd. (Res.) Bn., Westminster Regiment (M), Reconnaissance Squadron.

The first class of Motor Transport drivers have completed a course of instruction including driving and maintenance and are taking the examinations for qualifications. They are Privates Geo. Kask, Max Lindores, Gordon Davies and Tom Kerr.

These four men will now help instruct other members of the Troop in M.T.

The platoon parades in Philip Sheffield high school auditorium Mondays and Thursdays at 19:30 hours, under command of Lieut. G. E. W. Clarke.

Included in the training the members receive is light machine gun, rifle, grenade, gas, map reading, motor transport, and, of course, field manoeuvres.

## LEAVES MILITIA RANGERS TO JOIN VETERAN GUARD

Tuesday evening, No. 2 Detachment of the Pacific Coast Militia Rangers met in the Bradner hall for drill with Lieut. G. H. Loach commanding. Cpls. W. Redman, and M. Roche were promoted to sergeants and J. P. Carr and M. C. Upchurch were promoted to corporals. The following were promoted to lance corporals: J. C. Cherry, J. A. Gledhill, A. S. Hansen, A. Jackman, C. W. March, J. L. McDonald and H. W. Moxon.

Corporal J. McDonald resigned from the Rangers to enlist with the Veterans' Guard of Canada.

## FROM RESERVE ARMY TO U.S. AIR CORPS

Calvin McLean, son of Mr. and Mrs. J. I. McLean of Abbotsford, is now a member of the United States Air Corps and is stationed at St. Petersburg, Florida.

Until his enlistment with the allied air corps, McLean was a member of the Reconnaissance Squadron (Res.) 2nd Bn., Westminster Regiment at Abbotsford.

## KEEP 'EM SMILIN'

One of the best morale keepers for the boys overseas is regular mail — and lots of it. Letters, snapshots, news clippings are an easy way to keep them happy.

He is the second member of the troop to "go active", following Phil. Swift of Abbotsford who recently joined the RCAF.

## SECOND FRONT?

We already have one!

Until our entire armies can come to grips with the Germans and Japs, our Second Front is still the HOME FRONT!

Every dollar we spend on ourselves means that someone is working for us who might be turning out war equipment. Before we buy let's ask ourselves: "Do I need it? Must I have it? Can I get along without it?"

Let us keep in mind every minute, that every dollar put into War Savings contributes something to winning this Second Front and opening a THIRD FRONT OVERSEAS!

## A Veteran at 20!

Back from scores of bombing raids over a dozen countries, this young airman has found adventure in the skies! Just out of his 'teens, an eager youth in years, he's a veteran in experience. He's a first-line fighting man, trained in the science of war at 5-miles-a-minute!

He and his buddies in R.C.A.F. air crew are team-mates. Gunner, Wireless Operator, Bomber, Pilot, Navigator—all work together as a smooth, swift "attack team" in a giant bomber. Their targets accurately surveyed in advance by daring reconnaissance pilots—their flight protected by the blazing guns of fighter planes—the bombers wing their relentless way to smash Nazi nerve-centres.

The expanded Air Training Plan has room for more men who want to be with these fighting comrades of the skies. Right now applications are being accepted for air crew duty, at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible. If you are over 33, but have exceptional qualifications, you may still be considered. Lack of formal education is no longer a bar to enlistment.

**WOMEN TOO—**  
Join "that men may fly." Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for air crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's airwomen. Full information at any R.C.A.F. Recruiting Centre, or write address below for booklet.

**TWO YOUNG MEN***with faith in themselves*

BEFORE the war, two young graduates in chemistry faced the future with no assets but technical training and unbounded faith in themselves. They planned to capitalize on their years in college by manufacturing a certain chemical product. "But we'll need some money to get started," they said. "Let's put it up to the bank."

Their banker decided that their faith was well founded in character, ability, energy. "We'll finance you to start in a small way," he said. "Make a test on the local market first."

Presently the product was being sold all over Canada and exported to the United States and overseas. Now it fills a wartime demand. The enterprise employs a large number of people.

This actual example illustrates how this country's Chartered Banks help credit-worthy people to benefit themselves, their fellows and their country under the democratic system of free enterprise.

Banks, like any other business, exist because they provide service which a community needs and is willing to pay for at a rate which will yield a reasonable profit. Chartered Bank profits average less than one-half of one per cent a year on total assets. Few, if any, other businesses operate on as small a margin.

**A PAGE FOR WOMEN****Junior Auxiliary Will Assist Red Cross Carnival**

Hear Report on Recent  
B.C. Hospital Convention

A report on the recent B.C. Hospitals convention held in Victoria last week was given by Mrs. M. M. Shore when the Junior Auxiliary to the M-S-A Hospital met at the home of Mrs. George Nelson Monday evening. In her report, Mrs. Shore told of work done by various hospital auxiliaries throughout B.C.

Members agreed to take charge of a bingo table at the Red Cross Penny Carnival on Dec. 4, and Mrs. R. M. Ellis was appointed to head the committee. It was decided the draw for War Savings Certificates, which is in aid of Junior Auxiliary, will be held at the Penny Carnival. Ticket stubs were turned in at the meeting and more books given out.

The auxiliary accepted the invitation of the senior auxiliary to meet with them for the Christmas meeting. Refreshments were served by Mrs. Pat Douglas, Mrs. R. Ellis, Mrs. F. Fossett and Miss Hazel Green.

**HALL — BUCKLE**

Victoria May, R.N., younger daughter of Mr. and Mrs. W. E. Buckle of Marshall road, North Poplar, became the bride of Mr. A. G. H. Hall, son of Mr. and Mrs. G. A. Hall of New Westminster when the ceremony was performed by Rev. Archibald R. L. Keevil at St. Paul's church, New Westminster, on Friday, Oct. 23.

Given in marriage by her father, the bride looked charming in a floor-length sheer yellow gown with shoulder-length yellow net veil caught by a coronet of yellow, bronze and mauve chrysanthemums. She carried a bouquet of matching 'mums.

She was attended by Miss E. E. Veinotte, R.N., who wore an aqua blue taffeta gown. Her Juliet cap was trimmed with miniature yellow 'mums and she wore a corsage of the same flowers.

Mrs. Hall, mother of the groom, chose a blue net floor-length lace dress with matching hat and a corsage of pink and white carnations.

Mr. Frank Hall, R.C.N.V.R., as best man supported the groom. Mrs. Eunice Bassett, R.N., of Sedro-Woolley, Wn., played the Lohengrin's bridal march preceding the ceremony and later Mendelssohn's wedding march.

The reception, in the form of a buffet lunch, was held at the Russell hotel at which the following were among the guests:

Rev. A. R. L. Keevil, Miss G. Linn, Mrs. E. Bassett, Miss E. E. Veinotte, R.N., Miss R. E. Payne, R.N., all of Sedro-Woolley hospital; Dr. and Mrs. Lukas, Mrs. A. Skelly and Miss Sylvia Hoon, Abbotsford; Mrs. W. C. Herman and Billy Herman, Chilliwack; Mr. and Mrs. J. Barclay, Mr. and Mrs. N. Swift, Mr. T. Hall, Mr. and Mrs. E. McDonald, Mr. and Mrs. G. A. Hall, Mr. and Mrs. R. C. Armstrong, Mrs. R. Peel, Mr. and Mrs. T. Buchanan, New Westminster; Mr. W. E. Buckle, and Mr. and Mrs. H. A. Hall, parents of the bride and groom.

Mr. K. Swift and Mr. J. Barclay were ushers.

There were many gifts, from the Sedro-Woolley hospital staff where the bride was previously engaged as nurse, and from their friends in Abbotsford and New Westminster.

Following the reception Mr. and Mrs. Hall left for Vancouver

**OH BOY! COFFEE!**—Pte. A. Ferguson of the Royal Hamilton Light Infantry, was immediately surrounded by droves of admirers and newsmen when he stepped off the hospital train at Montreal, home from the "hell of Dieppe." But his first remarks had nothing to do with battle. "Oh boy, coffee," he exclaimed as he reached for the cup offered by Miss June Letts, one of the Montreal hostesses of the Canadian Legion War Services.

**RED CROSS News Notes****DIEPPE PRISONERS**

Canadian Red Cross volunteers in England worked night and day for the fast despatch of the first "capture" parcels for prisoners taken at Dieppe, pending arrival of regular food parcels. These special parcels, containing comforts and necessities, were sent immediately the names of prisoners were received. The Canadian Red Cross is now shipping 60,000 food parcels a week to Canadian and British prisoners in Europe.

**RED CROSS MARKET DAY**

Armstrong Red Cross branch passes along the money-raising idea of having a fall market day. The members collected vegetables and dried herbs—and even a puppy. The proceeds were \$85 and there are still for sale pumpkins, squash, bulbs and apples.

**RECORD IS HIGH**

B.C. is second in the west on a basis of population and third in Canada in the "Salvaging for Victory" project. With the exception of Victoria and neighboring towns, salvage is collected in the province by the Red Cross. "This showing is particularly successful considering B.C.'s long coastline, mountainous regions, the lack of markets and necessity of hauling all materials to Vancouver for sorting," writes William Knightley, co-ordinator of the national salvage campaign.

**RED CROSS AIDED**

Sumas Prairie Hungarian Women's Club raised \$56.31 in aid of the Matsqui-Sumas-Abbotsford Red Cross branch at a banquet in the Hungarian hall. Hungarian dishes were served to the 140 guests present and the evening concluded with a dance.

**YOUNG PEOPLE'S SOCIAL EVENING**

St. Matthew's Young People's Association held a successful whist drive and social evening on Wednesday. Prize winners were Miss D. Cranston, Mrs. E. Hendy, J. Truseler and H. Reeve, were presented with their prizes by Miss Mina Cooper, president. The parish hall was tastefully decorated in a Hallowe'en motif.

**LAKE AREA CLUB TO SEND PARCELS TO BOYS OVERSEAS**

Members decided to send parcels to boys overseas when the Lake Area Club met at the home of Mrs. Nelson recently. In the absence of the president, Mrs. N. P. Frost, the vice-president, Mrs. J. Mogg, took the chair.

Mrs. Hall turned in the completed quilt and Mrs. Mogg six turtle-neck tuck-ins for the Red Cross. Mrs. George Mogg won the raffle, for which the prize was donated by the hostess. Refreshments were served, bringing an enjoyable afternoon to a close.

The December meeting, which will also be the Christmas meeting, will be held at the home of Mrs. R. Walter, Wed., Dec. 9.

Island and on their return will reside in New Westminster.

**O.E.S. RAISES \$12 PLAN OTHER EVENTS**

Order of Eastern Star sponsored a military whist drive in the Orange hall Thursday evening and raised \$12. Such a pleasant evening was spent that it was decided to hold another party the end of this month.

Members of the Eastern Star have charge of the fish pond at the Red Cross penny carnival, and would welcome any small articles suitable for the occasion.

**McKINNON—FRISKEY**

A quiet wedding took place in Vancouver on Saturday, Oct. 31, when Margaret Crane, youngest daughter of Mr. and Mrs. D. Friskey of DeLair road, Abbotsford, became the bride of Mr. James Peter McKinnon, son of Mr. and Mrs. J. A. McKinnon of Kamloops.

For her wedding, the bride wore a teal blue suit with brown accessories and carried a bouquet of sweetheart roses.

**BRADNER GUILD PLANS SALE OF WORK AND TEA**

St. Margaret's Anglican Guild met at the home of Mrs. G. H. Loach, Bradner, on Tuesday afternoon and in the absence of the president, Mrs. J. W. Pennington, and vice-president, Mrs. M. H. Smith, through illness, Mrs. A. Brown presided. Rev. and Mrs. C. W. Bryce were present.

Final arrangements were made for a social and sale of work to be held on Saturday Nov. 14, in the community hall. Articles were priced and stallholders arranged for. After the business of the meeting was completed, refreshments were served by the social committee. There was a good attendance at the meeting.

The M-S-A Baby Clinic will be held in the Health Office, Abbotsford, Wednesday, Nov. 18, from 2:30 to 4 p.m. Dr. R. McKenzie will be in attendance to give inoculations and vaccinations and to immunize against diphtheria and whooping cough. Forty babies were cared for at the last clinic.

### KILLED IN ACTION

Agriculture Minister J. G. Gardiner, Ottawa, received word Saturday that his son, PO John Edwin Gardiner, 23, RCAF, had been reported killed in action while participating in the raid upon Dieppe.

TRAVELLING SUPERVISOR—J. Frank Willis, supervisor of feature broadcasts for the CBC is shown here in the CBC car that he travelled 10,000 miles in last summer, with Engineer Cliff Speers and Author Gerald Noxon, to gather material for "Our Canada," a new series heard Sundays from 7:15 to 8 p.m. PDT.

### THIRTY-EIGHT BED HOSPITAL IS PLANNED FOR SURREY-LANGLEY

A canvass for financial pledges for the proposed Surrey-Langley co-operative hospital will soon be undertaken in both districts.

The hospital building proposed will be of reinforced concrete, three storeys, 44 feet by 130 feet. Accommodation will be provided for 38 beds, consisting of: six 4-bed wards; five 2-bed wards (semi-private); three private wards; one 2-bed emergency or isolation ward; operating room; maternity wards and nursery.

Full heating and laundry plants will be installed. Cost of the building, exclusive of fixtures will be \$80,000. A separate home for nurses to cost about \$5000 will be constructed.

Total cost of the project will be approximately \$100,000 and of this sum the provincial government grant will be anything up to 35 per cent of the total cost. This means that the people of the two municipalities must raise an estimated \$70,000 if they wish a hospital.

### MRS. DON WILSON

Mrs. Don Wilson passed away suddenly in Vancouver on Oct. 29. Mr. and Mrs. Wilson had been residents of Sumas Prairie for the past five and a half years, making their home on the farm of Mr. Mel. Fadden. About a month ago they moved to reside in Vancouver.

Besides her husband, Mrs. Wilson is survived by three small children, two sisters and three brothers in Vancouver and a sister in Alberta.

Funeral services were held in Vancouver on Monday. Those attending from Sumas district included Mrs. Mel. Fadden, Mrs. B. Stewart, Mrs. H. Stewart, Lois Stewart and Mrs. R. Manders.

### WAR STAMP SALES IN STORES TOTAL \$131 LAST MONTH

Sale of War Savings Stamps by Abbotsford stores during October totalled \$131.25, the somewhat smaller total than the September sales being due probably to the concurrent Victory Loan drive. Sales by "Miss Canada" at the stand in the J. S. Daly Store on Saturday night amounted to \$14.25. Misses Shirley McNelly, Kathleen Wilson and Naida Daly were in charge. This weekend the booth will be in the Overwaitea Store.

### MATSQUI POLICE COURT

Sequel to a recent accident on Aberdeen road, John Stanley Barkley of Bradner was fined \$20 and cost and his driver's license was suspended for six months when he appeared in the Matsqui police court on a dangerous driving charge. D. H. Warkentin of King road was fined \$20 and costs on a charge of possession of \$75 worth of stolen property. Justices of the Peace Loach and Twister presided. Noel Robinson of Vancouver was fined \$20 and costs under the 40-mile speed act, the offense occurring also in the Aberdeen school zone.

### HOME NURSING CLASS PASSES EXAMINATION

In the St. John home nursing examinations written recently, all who wrote were successful. Certificates will be sent to Mrs. F. Marshall, Mrs. M. H. Weekes, Mrs. T. Kerr, Mrs. D. McNeill, Sr., Miss Irene Gentry, Miss Mary Trimmell, Miss Beryl White and Miss Hilda Thompson.

### ST. DUNSTAN'S (Continued from Front Page)

bers of your branch." Something of the work which the annual contribution from the M-S-A Area aids is also revealed in the letter of acknowledgement which goes on to say that Sir Ian Fraser, chairman of St. Dunstan's, is in North America "to discuss the training and employment of blinded soldiers of the United Nations with the authorities in Canada and the States, with regard to the large number of troops from both Canada and the States over here at present."

Take Places Again "You may already know that St. Dunstan's New War Training Centre is in \_\_\_\_\_ where quite a number of men from the present war have been trained to take their place in the world again as telephone operators, shopkeepers, or have perhaps joined the little colony of soldiers who are busy working in one of the big aircraft factories. Other New War boys are learning to be masseurs and their training is not yet completed. One of the recent additions to our Officers' House is the elderly ex-mayor of a south coast town who, while on duty as a special constable, was blinded and shocked by a cross-channel shell. He is a splendid old gentleman of 73 and has promised his townspeople that he will be back to lead them in the Victory March.

"St. Dunstan's has a committee in Cairo whose members have been supplied with Braille lesson books, games, playing cards and watches. They are doing what they can to help blinded men in hospital. There is also a training centre in South Africa where a number of men from the Middle East have been taken for preliminary training until such time as they can be sent back to England or to their own Dominion. St. Dunstan's has affiliations in Australia and New Zealand and a representative is in India at present consulting with the Indian government and the British Army in India about the establishment of a branch there.

### Aids War Prisoners

"Besides these various organizations, St. Dunstan's is in touch with a small colony of blinded prisoners of war in Germany. With the help of the Invalid Comforts Section of the Red Cross, it has been possible to send Braille books, games, playing cards, etc., to help keep the men occupied during their imprisonment."

The letter concludes: "With St. Dunstan's good wishes and most sincere thanks, yours faithfully, Betty Hal, Overseas Appeal Secretary."

### RED CROSS, RELIEF AND HOME NURSING COMMITTEES CONFER

Executive of M-S-A Branch of the Canadian Red Cross conferred in M-S-A ARP headquarters in Abbotsford on Friday night with M. M. Shore, chairman of the M-S-A Civil Protection Committee; Percy Jones, Chief ARP Warden; H. V. Smith of the First Aid organization, and Miss Hilda Thompson who is in charge of the Home Nursing classes. Purpose of the conference was to ascertain that all phases of emergency service were organized, as far as volunteer public co-operation permits, and that the several groups were not overlapping in their efforts.

Clement Willingdale, well-known poultry producer, has announced he will be a candidate for the Surrey reeveship.

## DON'T PLAY TAG WITH "JACK FROST"

It's a losing proposition trying to beat the Weather Man at his own game. Remember—you can kid yourself that no harm is done by waiting until your gears are stiff from "frozen" grease... or your oil takes several minutes to flow freely... or your radiator spurts forth those tell-tale streams of steam—but kidding yourself certainly won't save your pocket from repair bills later.

SO BE PREPARED! Let's put your car in shape NOW for cold weather driving
